Kernan Consulting expands team with hiring of Gary Wallin

San Diego, CA (April, 15th 2011) Kernan Consulting (www.KernanConsulting.com), an international technology consulting company offering Coaching, Advising and Mentoring programs to the small IT VAR, announced today that it has hired Gary Wallin as a Principal Consultant to the business.

“As our customer base grows, so does their coaching needs. We’ve added a couple of new consultants this year that offer additional expertise in other areas than what I’ve traditionally covered myself. Gary offers strong technical expertise and has been a technical or business leader for the past ten years. He managed IT operations for national and international companies with 5000+ employees and 10,000+ systems including co-location facilities and call centers. As West Regional Services Director for Datalink, he helped them obtain a #154 ranking in the VAR 500 listing,” explains James Kernan, CEO of Kernan Consulting.

Gary and the other consultants will be part of a team that helps Solution Provider Business Owners grow their businesses in the Chairman’s Roundtable Tele-Coaching Program. Kernan Consulting has coaches focused on Leadership, Sales, Marketing, Operations, Recruiting/HR, Finance and Professional Services.

“I’m honored to be a part of this team and work to help others grow their business more efficiently and effectively. James and I have a long history of success and I look forward to working with him again, said Gary Wallin
